PROFESSIONAL SUMMARY

Highly motivated and detail-oriented IT graduate with strong knowledge in Java, Manual Testing, and Automation Testing (Selenium WebDriver). Skilled in designing and executing test cases, identifying defects, and improving application quality through automation frameworks. Strong understanding of SDLC and STLC. Seeking an entry-level Software Testing role to contribute technical skills and grow professionally.

TECHNICAL SKILLS

- Programming: Core Java, OOPS Concepts (Encapsulation, Inheritance, Polymorphism, Abstraction)
- Automation Testing: Selenium WebDriver, XPath, CSS Selectors, Select & Actions Class, Implicit & Explicit Waits
- Manual Testing: SDLC, STLC, Functional, Integration & System Testing
- Test Case Design, Defect Reporting, Agile Methodology

PROJECT

Garbage Management System: Developed a smart waste management system using an ultrasonic sensor to detect garbage levels in bins. The system transmits real-time data along with location details to authorized workers to ensure efficient waste collection and management.

EDUCATION

- B.E – Computer Science and Engineering, M. Kumarasamy College of Engineering (2022–2025) | CGPA: 6.52
- Diploma, Thiyagarajar Polytechnic College (2019–2022) | 86%
- SSLC, National Matriculation School (2018–2019) | 86%

CERTIFICATION

Completed Software Testing Course (Manual & Automation Testing).
